The Future of Delta-9 THC Water

Weed water and other cannabis-infused drinkables offer a natural, organic way to consume cannabis while providing relief from stress, pain, and inflammation. THC-infused water uses nanoemulsion to suspend nanoparticles in the solution, providing a calming and relaxing experience. This Water is a great way to consume CBG in a tasteless profile.

It has higher absorption rate in the bloodstream & has a tasteless profile which makes our Blitzd Feel Good Water a great choice for your next outing or party! Each water is non alcoholic and delivers hydration in the highest form.
